

Supervisory Committee Appointment Form

It is the responsibility of the graduate student to become informed and to observe all regulations and procedures required by the program a student is pursuing. The student must be familiar with those sections of the Graduate Catalog that outline general regulations and requirements, specific degree program requirements and the offerings and requirements of the major department. Ignorance of a rule does not constitute a basis for waiving that rule. Any exceptions to the policies stated in the Graduate Catalog must be approved by the Dean of the Graduate School.

After admission to the Graduate School, but before the first registration, the student should consult the college and/or the graduate coordinator in the major department concerning courses and degree requirements, deficiencies if any, and special regulations of the department. The dean of the college in which the degree program is located or a representative must have oversight for all registrations. Once a supervisory committee has been appointed, registration approval should be the responsibility of the committee chair.

Student UFID	Last Name	First Name	E-mail Address

This form is being submitted for (check one): NEW Supervisory Committee
 CHANGE in Supervisory Committee

Choose a Degree (check one): Master of Science (Thesis)
 Master of Engineering
 Engineer
